COVID-19 PUBLIC HEALTH NOTICE

April 15, 2021 – Swinomish Public Health has confirmed **five (5) new cases** of COVID-19 in the community. There are tests pending results.

COVID-19 is still here and there is significant risk of getting it. We must all continue taking precautions in order to stop the spread.

- Wear a face mask when outside the home; as required by Senate resolution
- Wash your hands with soap and water for at least 20 seconds several times a day
- Maintain a physical distance of 6 feet when interacting with those outside your household
- Only leave your home for essential purposes
- If you have been instructed to quarantine, only leave your home to seek medical care
- Only allow household members in your home, avoid entering other people’s homes

Vaccinated people can potentially still get COVID-19 and spread it to others. If you are vaccinated, your chances of getting a severe infection are decreased. However, you can still spread it. Perhaps less easily, but this still an unconfirmed unknown.

Daily Data Dashboard

	Positive	Hospitalizations	Deaths	First Dose Vaccines	Second Dose Vaccines
Swinomish	144	9	3	1,912	1,445
Skagit	4,967	284	67
