## COVID-19 PUBLIC HEALTH NOTICE

**July 7, 2021** – Swinomish Public Health has had **one presumed positive case** of COVID-19 in the community since the last update on June 10. There are tests pending results.

The Swinomish Senate is now allowing outdoor gatherings of up to 75 community members. Masks are still required on the Swinomish Reservation while in public or when around others from outside of your household. Until people of all ages can get vaccinated, our community is still at risk.

Please consider wearing your mask indoors while in public when you are off of the reservation as well. A whopping 150,324 vaccine doses have been given in Skagit County but only 52% of Skagit County residents are fully vaccinated (at least 2 weeks since the last shot).

**75% of Swinomish Tribal Members have had their first dose of vaccine, 45% have received both.** That is impressive! Let's get them all done so the community has the greatest amount of protection possible.

Swinomish Health Services is now offering vaccine to **patients** ages 18 years and up. If you need a vaccine appointment or have questions, call the Medical Clinic at (360) 466-3176. If you have received the first dose of your vaccine, it is never too late to get the second dose! If you are between the ages of 12 and 18, call La Conner Drug or visit <https://vaccinelocator.doh.wa.gov> for an appointment. Drive-thru testing is available at the Medical Clinic every Tuesday from **2-3:30 p.m.**
